#### **IV. Equipment Security Charge**

In order to insure the return of all issued equipment there will be a security charge of \$250.00 that will be collected from the athlete's parent or guardian when the equipment is issued. This charge will be collected in the form of cash or check and will be held until all items that are required to be returned are turned in to the appropriate chapter representative. If the equipment is returned clean and in the manner in which it was issued, subject to normal wear and tear, the Equipment Security Charge will be returned in full. Should the athlete and/or his parent or guardian fail to return any portion of the equipment, the Equipment Security Charge will be applied towards payment of the replacement of such equipment.

#### **VI. Play /No Play Guidelines**

Our League Rules state that each suited player shall experience no less than 12 plays on the field per game. We are the only league that mandates such a liberal policy. Every position played on the field is important for the execution of plays but not every position will handle the football. To encourage the players to be responsible for their actions, the player is responsible for contacting a coach **prior to a practice/game** if the player will not be attending a practice or game.

In the interest of safety and fairness for all, the following Play / No Play Guidelines have been established for our chapter:

- A. Any player who has an unexcused absence from practice will not play in the game. An "unexcused absence" is defined as any absence where the player fails to inform the coach of the absence in advance and any absence where the coach feels the reason for the absence is not an acceptable excuse for missing practice.
- B. A player may be held out of a game or playing time limited for disciplinary reasons. A discussion between the coach and a parent/guardian will be held to discuss the situation.
- C. Any player who has one excused absence from the practice will play no less than the minimum 12 plays, unless the coach feels the player is not mentally or physically prepared for the game, therefore jeopardizing himself or others, or if the coach feels the player is developing a pattern of abusing the one excused absence rule.
- D. A coach may hold any player out of a game who has two or more excused absences from practice.
- E. Except as provided above, all players who have attended and fully participated in all team practices and meetings will play no less than the minimum 12 plays in the game.
